PARENT QUESTIONNAIRE

In the summer term, many of you responded to our request to complete a parent questionnaire. I would like to thank you for this.

During parents' evenings next week, school would like to take the opportunity to follow up on your responses by asking you to complete a questionnaire for this term. This gives our new parents an opportunity to express their views.

We are pleased to report that many of the responses were incredibly positive and that parents are happy with provision in school. Obviously, there is always room for improvement, and we are proactive in looking for ways to ensure that the children have the best education possible. We hope parents feel that they are listened to. We do address all issues where possible. We have included areas mentioned in more than one response.

Areas of strength

How well new children settle, home school communication, support with medical needs and personal care, school visits, support from staff, quality of learning, personal development, Sports Day, collaboration between staff and parents to support individual children, adapting to meet children's needs, Stars after school club, school performances, shared learning, nurture, progress, transition to Juniors.

Areas to improve

Shared Learning: We are mindful that not all parents can attend our Shared Learning sessions and that the children can find this upsetting. With this in mind, we have moved these sessions to 3.10. Reception will start their sessions later in the year.

Tapestry: During Covid Tapestry was used across the school as a means of communication. Moving forward Tapestry will only be used in Nursery and Reception. Nursery and Reception parents have been informed as to how this will work.

After school clubs: We are aware that our after-school clubs focus on sport. We are always on the look out for other providers but so far, they have been unsuitable for our age group or too expensive. We will keep looking.

Fundraising: Sharon Telford has offered to help with this, and she has lots of great ideas. She will be looking for parental help as the year progresses.

Behaviour Rewards: We have a positive approach to behaviour across the school and use the Star Awards, the Tea Party, the Recognition Board and Positive Notes to demonstrate that we recognise good behaviour. The advice from professionals is to keep your reward system simple so that our young children are clear about expectations. In some classes teachers also use an additional system that works for their group.

Phonics and Numeracy sessions: It has been great to see parents at these sessions. Information from the sessions is uploaded to the website.

School visits: We try to ensure that each year group has a school visit, and we would like more but unfortunately cost does impact how many we can do.

Uniform: We try to balance the number of non-uniform days across the year as they can have an impact (not always good) on learning. We appreciate that the white t shirt can get discoloured quickly and that not everyone likes the red, however we are hesitant to change colours as this would have a cost impact on parents. Please remember rather than buying new uniform, we do have good quality second-hand clothes in school.

Thank you again for taking the time to respond and we look forward to working together this year.

HEAD LICE

As you may be aware head lice are an all too common occurrence in all schools. Unfortunately we have a recurring problem in certain parts of school. The only way we can keep control of this is for ALL parents to be diligent in checking and treating any infestation.

If your child should catch head lice please follow the procedure set out below. We would also advise that you check your child's hair once a week whether you think they are infected or not. If we could all do it on a Wednesday night this may help.

- Check the hair of every family member.
- Look for head lice and nits (which are white empty egg shells).
- Use a fine tooth comb- combs are available from the office.
- Hair washing after washing hair, use a little conditioner on the hair, section the hair and comb through the hair from the scalp to the end of the hair, a section at a time, with a fine tooth comb.
- This combing procedure is suggested for everyone in the household head lice do not distinguish between children and adults.
- Continue to check hair every week- this is key to ensuring that they don't come back
- If you need help or advice in dealing with head lice, please contact your local clinic, Health Centre, your GP or chemist.
- To help stop the spread of head lice please let school and close contacts know if you discover eggs or lice.

Thank you for your co-operation.

GOVERNOR NEWS

GOVERNOR PROFILE – KIRSTY HOLMES

I have been teaching at Westfield Infants since 2013. I have taught in Year 1, Nursery and am currently the Reception teacher and PE Coordinator. I am also a Staff Governor. I have had this role since September 2014.

I enjoy my role as a governor as I get to keep up to date with any changes or new plans that may be implemented in school. The responsibilities of a governor are to understand policies and data and be able to ask questions and challenge decisions made, ensuring that the interests of children, parents and staff are at the forefront of all decisions made.

Being a governor is a motivating and diverse role. I feel that it benefits me as a teacher as I have a deeper understanding of the way in which a school is run.
